Important Questions	Answers	Why this Matters
What is the premium amount?	Adult: \$ Child: \$	The premium amount is a monthly fee you must pay to your insurance company to receive dental insurance.
What is the overall deductible?	Adult: \$ Child: \$	You must pay all the costs related to covered services up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible period starts (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible.
Does the deductible apply to preventive services?		The deductible does apply to preventive exams, cleanings, or other preventive services. See the chart starting on page 2 for how much you pay for covered preventive services.
Is there an overall out-of-pocket limit on my share of dental costs?	Adult: No Child: Yes \$ for 1 child \$ for 2+ children	The out-of-pocket limit is the most you could pay during the coverage year for your share of the cost of covered services. This limit helps you plan for dental care expenses.
What is not included in the out-of-pocket limit?		Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Is there an overall annual limit on what the plan pays?	Adult: Yes, Child: No	There is no overall annual limit on what the plan will pay for children. The chart starting on page 2 describes any limits on what the plan will pay for adult coverage and other <i>specific</i> covered services for children.
Who is included in this plan's network of providers?	See www.[insert].com or call 1-800-[insert] for a list of participating providers.	If you use an in-network provider, this plan will pay some or all of the cost of the covered services. Be aware, your in-network dentist may use an out-of-pocket provider (e.g., a hospital) for some services. Plans use the term in-network, preferred, or participating for providers in their networks. See chart starting on page 2 for how this plan pays different kinds of providers.
Do I need a referral to see a specialist?		You can see the specialist you choose without permission from this plan.
Do I need preauthorization before receiving certain dental services?		You do need to call the plan at 1-800-[insert] before receiving certain dental services. See your policy or plan document for additional information.

- **Copayments** are fixed dollar amounts (for example, \$15) you pay for covered dental care, usually at the time of the service.
- **Coinsurance**, which is different from copayments, is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan’s **allowed amount** for a restorative procedure (e.g., a crown) is \$1,000, your **coinsurance** payment of 20% would be \$200. This may change if you haven’t met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network dentist charges \$1,500 for a crown and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- This plan may encourage you to use in-network **providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.
