

Washington State Health Benefit Exchange

Report to the Legislature

June 2017

Report to the Legislature

The Exchange is required to submit a financial report on a monthly basis to the Legislature and Health Care Authority (2ESHB 2376). This report includes:

- A report of all expenses;
- Beginning and ending fund balances by fund source;
- Any contracts or contract amendments signed by the Exchange; and
- An accounting of staff required to operate the Exchange broken out by full time equivalent positions, contracted employees, temporary staff, and any other relevant designation that indicates the staffing level of the Exchange.

The monthly report reflects the financial information, staffing levels and all changes to contracts as of May 2017. The monthly report reflects total funding, including both appropriated and non-appropriated funds.

Revenue for the third quarter was increased by an approximate \$1.5 million for the Health Benefit Exchange Account (17T) based on annual 2016 reconciliation efforts of the Office of the Insurance Commissioner.

The ending balance does not reflect the proposed Senate or House supplemental budgets, which addressed additional printing and benefit funding and reconciliation of fund sources. Of the remaining appropriated balance of about \$1.6 million, \$619,000 is needed to pay for SFY 2016 over expenditures in 17T, which will result in less than a 2% ending balance.
