# 2021+ Action Plan

## Health Equity Action Plan: Areas of Focus

### HBE AUTHORITY AND RELATIONSHIPS

1. Assign a resource to lead Health Equity activities.
2. Expand access to affordable insurance to address expenses and medical debt
  - Solution for undocumented residents
  - State subsidy - low income
3. Improve products
  - Cost share for high value care for chronic conditions
  - Identify impact of tobacco rating
4. Partner with carriers to improve services for vulnerable populations.
  - Race/ethnicity reporting on outcome measures
  - Accountability to assure access tax credits and cost sharing
  - Identify common tactic(s)

### HBE PLATFORM

1. Improve vulnerable population data capture and sharing
  - REL data sharing
  - Capture non-binary gender
2. Improve access for low-income individuals
  - Implement self serve special enrollment period for year-round access
  - Study approaches to streamline enrollment for other social services
3. Improve website support for health literacy
  - Emphasize mobile use for populations who access via phone
  - Define provider directory requirement to show provider demographics (e.g. race)

### DATA and ANALYTICS

1. Use SDOH Analytics database to refine marketing and outreach
  - Improve geographically targeted marketing to focus on high uninsured in high ADI areas
  - Pilot "micro" community engagement based on SDOH factors
  - Develop Lead Org specific SDOH reports
2. Use claims data and SDOH analytics to inform cost share changes
3. Explore use of area deprivation index to stratify health outcome differences

### COMMUNITY OUTREACH

1. Identify partners to improve assistance for individuals for whom English is a second language
  - First focus on trusted partners in immigrant community
2. Improve American Indian Alaska Native experience and access through a Tribal Enhanced User program.
  - Identify best practices from pilot and expand.
3. Identify next tactics and population using knowledge from analytics, and community engagement
