Washington Health Benefit Exchange
Our Response to COVID-19

GOAL
Take care of Washingtonians by offering coverage to the uninsured, keeping current enrollees enrolled, and extending current enrollments.

- Opened a limited-time, 60-day from March 10 – May 8, 2020, special enrollment period for uninsured Washingtonians to enroll in an Exchange plan through Washington Healthplanfinder.

- Launched a state-wide public service announcement (PSA) campaign, COVID-19 health coverage FAQ webpage, and handouts that respond to questions regarding coverage options based on job and income reduction scenarios.

- Outreach actively reached out to best serve Washingtonians, including providing assistor network with resources, updated and translated materials, and partnering with outside organizations to inform customers of the special enrollment period.

- Stopped the termination of individuals with conditional eligibility who are enrolled with Qualified Health Plans.

- Worked closely with the Washington Department of Health, Office of the Insurance Commissioner, Department of Social and Health Services (DSHS), and Health Care Authority (HCA) to inform of various waiver efforts and emergency rulemaking to help customers.

- Collaborated with HCA and DSHS on income reporting guidance in response to the federal stimulus bill and encouraged individuals to report a loss of income or if they received unemployment compensation.

- Safely transitioned the Exchange staff and the majority of the Customer Support Center staff to remote work.
The Exchange runs *Washington Healthplanfinder*, which 1 in 4 Washingtonians use to...

Exchange Board Equity Statement

**Equity** is a fundamental pillar to the society we seek to build. The process of advancing toward equity will be disruptive and demands vigilance, dismantling deeply entrenched systems of privilege and oppression. We must focus our efforts on people and places where needs are greatest, especially communities of color, and go beyond remedying a particular inequity to address all determinants of health.

Our goal is that all Washingtonians have full and equal access to opportunities, power and resources to achieve their full potential.
Legislative Report: State Subsidy Implementation Plan

Legislature required HBE, in consultation with HCA and OIC, to develop and submit a plan for implementing premium subsidies through Exchange for individuals up to 500% FPL

Affordability goal: limit participant premium spend to no more than 10% of income

Includes: assessment of the impact of subsidies on the uninsured rate; assessment of providing cost-sharing reductions; financing analysis; implementing legislation

Cover memo and comprehensive report available online at:
• https://www.wahbexchange.org/about-the-exchange/reports-data/presentations-reports/
Illustrative State Premium Subsidy Scenarios: $200M; $150M; $100M Annually

- A $200M annual state-based premium subsidy would result in 24,000 currently uninsured getting coverage, and would help nearly 180,000 customers stay covered by reducing their premiums.
- Tying a state premium subsidy to Cascade care plans could strengthen public option and further lower customer costs (deductibles and cost-sharing).

Illustrative State Premium Subsidy Scenarios: How State Premium Subsidy Combines with Federal Subsidy

(Premium based on 2020 silver plan average: $565/monthly)
The Exchange currently runs a sponsorship program, which enables public and private third-party payors (the state, non-profits, tribes, foundations, etc.) to provide support for premiums and/or out-of-pocket costs to individuals enrolled in qualified health plans through Washington Healthplanfinder.

Currently 16 sponsors cover 3,500 enrollees.

Sponsors include:
- Tribes (12 participating tribes and tribal communities)
- Washington State (for HCA’s COFA program)
- Federal Government (via Ryan White funding for the EHIP program)
- Health systems (for the two Project Access programs)

The sponsor provides funding to reduce enrollee costs; sponsored enrollees sign-up with help from assister; designated as sponsored in Healthplanfinder; sponsor information sent to carriers; HBE facilitates payment from sponsor to carriers.
