

Washington State Health Benefit Exchange

Report to the Legislature

October 2016

Report to the Legislature

The Exchange went live on its new financial system this month. We appreciate the support of the Legislature in providing the funding to improve our system.

This report includes:

- A report of all expenses;
- Beginning and ending fund balances by fund source;
- Any contracts or contract amendments signed by the Exchange; and
- An accounting of staff required to operate the Exchange broken out by full time equivalent positions, contracted employees, temporary staff, and any other relevant designation that indicates the staffing level of the Exchange.

The monthly report reflects the financial information, staffing levels and all changes to contracts as of September 2016. In this financial report, we include an end-of-year estimate for state fiscal year 2017. Please be advised that the end-of-year balance is expected to be lower for the next few months as processing of invoices and postings of accruals may have been affected by the transition to the new financial system.
