In addition, Contractor must cooperate with these resources in allowing access to the Services.

The amounts for such Services and Deliverables in development but not accepted will be costs actually and reasonably incurred by Contractor therefor, as based on the rate in [Schedule 1](#), but such costs shall be no greater than the final Purchase Prices for each Deliverable if it had received Acceptance.
- d. Upon expiration of the Contract or Contractor's receipt of written notice of termination of the Contract by WAHBE, Contractor will provide any turnover assistance Services necessary to enable WAHBE or its designee to effectively close out the Contract and move the work to another vendor or to perform the work by itself. By signing the certification, the undersigned certifies that the contracting organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The contracting organization agrees that it will require that the language of this certification be included in any subcontracts which contain provisions for children’s services and that all Sub-recipient/Contractors shall certify accordingly.

 - 5) Removable Media, including Optical discs (CDs or DVDs) in local workstation optical disc drives shall not be transported out of a secure area. Sensitive or Confidential Data provided by WAHBE on removable media, such as optical discs or USB drives, which will be used in local workstation optical disc drives or USB connections shall be encrypted with two hundred sixty-five (256) bit AES encryption or better. When not in use for the Contracted purpose, such devices must be locked in a drawer, cabinet or other container to which only authorized users have the key, combination or mechanism required to access the contents of

the container. Workstations which access WAHBE data on optical discs shall be in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.

- 6) When being transported outside of a secure area, portable devices and media with confidential WAHBE data must be under the physical control of Contractor staff with authorization to access the data.

 1. Encrypt the data with a key length of at least two hundred fifty-six (256) bit AES using an industry standard algorithm.
 2. Control access to devices with a Unique User ID and hardened password or stronger authentication method such as physical token or biometrics.
 3. Manually lock devices whenever they are left unattended and set devices to lock automatically after a period of inactivity, if this feature is available. Maximum period of inactivity is twenty (20) minutes.
 4. Physically protect the portable device(s) and/or media by:
 - a. Keeping them in locked storage when not in use
 - b. Using check-in/check-out procedures when they are shared, and
 - c. Taking frequent inventories

When not in use, such records must be stored in a locked container, such as a file cabinet, locking drawer, or safe, to which only Authorized User(s) have access.

(g) Remote and Network Access. When accessing WAHBE data remotely the Contractor shall:

- 1) WAHBE data accessed and used interactively over the internet shall meet minimum standards including updated anti-malware, current security patches, and local firewall. Access to the website washingtonhealthplanfinder.org or other services managed by WAHBE will be controlled by WAHBE staff who will issue authentication credentials (e.g. a Unique User ID and hardened password) to Authorized User(s). The administrator and any privileged user password must change every 60 days and other user password once every 90 days. Previous 6 consecutive passwords cannot be reused. The passwords must not allow User ids, first Name or the last name of the user.
- 2) Contractor shall have established and documented access termination procedures for existing Authorized User(s) with access to WAHBE data. These procedures shall be provided to WAHBE staff upon request. Contractor shall notify WAHBE staff immediately whenever an Authorized User(s) in possession of such credentials is terminated or otherwise leaves the employment of the Contractor,

and whenever an Authorized User's duties change such that the Authorized User(s) no longer requires access to perform work for this Contract.

- 3) Access via remote terminal/workstation over the internet shall be managed by the Contractor and permissions granted on a need basis only when access to WAHBE data is present.
- 4) Data Transmitting. When transmitting WAHBE data electronically, including via email, the data shall be protected by:
 1. Transmitting the data within the WAHBE network or Contractor's internal network, or;
 2. Encrypting any data that will be transmitted outside the WAHBE network or Contractor internal network with two hundred fifty-six (256) bit AES encryption or better. This includes transit over the public Internet.

13. Contractor shall maintain audit logs for all systems containing WAHBE data.

14. Data Segregation:

- (a) WAHBE data shall be segregated or otherwise distinguished from non-WAHBE data to ensure proper return or destruction when no longer needed.
 - 1) WAHBE data shall be stored on media (e.g. hard disk, optical disc, tape, etc.) which will exclude non-WAHBE data. Or,
 - 2) WAHBE data shall be stored in a logical container on electronic media, such as a partition or folder dedicated to WAHBE data. Or,
 - 3) WAHBE data shall be stored in a database which will exclude non- WAHBE data. Or,
 - 4) WAHBE data shall be stored within a database and will be distinguishable from non-WAHBE data by the value of a specific field or fields within database records. Or,
 - 5) When it is not feasible or practical to segregate WAHBE data from non- WAHBE data, then both the WAHBE data and the non-WAHBE data with which it is commingled must be protected as described in this exhibit.

15. Data Disposal: When the Contracted work has been completed or when no longer needed, data shall be returned to WAHBE or destroyed. Media on which WAHBE data may be stored and associated acceptable methods of destruction are as follows:

Data stored on:	Shall be destroyed by:
Server or workstation hard disks, or Removable media (e.g. floppies, USB flash drives, portable hard disks, Zip or similar disks)	Using a “wipe” utility which will overwrite the data at least three (3) times using either random or single character data, or Degaussing sufficiently to ensure that the data cannot be reconstructed, or Physically destroying the disk
Paper documents with sensitive or confidential data	Shredded and recycled through a Contracted firm provided the Contract with the recycler assures that the confidentiality of data will be protected
Paper documents containing confidential information requiring special handling (e.g. protected health information)	On-site shredding by a method that renders the data unreadable, crosscut shredding, pulping, or incineration
Optical discs (e.g. CDs or DVDs)	Incineration, shredding, or cutting/breaking into small pieces
Magnetic tape	Degaussing, incinerating or crosscut shredding

- e) Data shared with Subcontractors: If WAHBE data provided under this Contract is to be shared with a Subcontractor; the Contract with the Subcontractor shall include all the data security provisions in this Contract and any amendments, attachments, or exhibits to this Contract.
- f) Notice of Unauthorized Disclosure or Security Breach. Contractor shall immediately notify WAHBE of:
- a. Unauthorized disclosure or use of any WAHBE Data;
 - b. Any breaches of security that may compromise the WAHBE data or Contractor’s ability to safeguard WAHBE data;
 - c. Notifications shall include at minimum, both a telephone call and email to the WAHBE Contract Manager and an email to WAHBE Security at security@wahbexchange.org.
 - d. Contractor shall establish and document a policy to deal with the compromise or potential compromise of data that complies with NIST 800-61 Incident Response Guide. Contractor shall provide WAHBE with such policy upon request.
