Hello,

I would like to express my interest in applying for the open position on the Advisory Committee.

I have been serving and selling clients in the health insurance market for over 20 years. I specialize in individual health insurance, small group health insurance and Medicare. I'm an independent broker with a keen interest in the bigger picture of healthcare and the way we as producers, providers, and policy makers, are changing the delivery, as well as the cost of healthcare. I believe I can bring innovative ideas and solutions to the table based on my long history and experience in this field.

As treasurer of the Washington Chapter of the National Association of Health Underwriters I have developed an interest in the policies of healthcare. In February I traveled to Washington DC to attend Capital Conference and was inspired to get involved. We had an opportunity to meet with our Congressional Representatives where I learned the importance of politics in the health insurance industry. I believe I can use the skills and experience gained in my time as a producer and advocate to advise and contribute to the issues and operation of the Exchange.

Please find attached my biography. I look forward to hearing from you.

Sincerely,

Molly

As a licensed Health Insurance Producer in the State of Washington, Molly has been selling and servicing health insurance for over 27 years. Her specialty is individual health insurance, small group plans, and Medicare plans. Her career started when she began working in her father’s life insurance agency in high school and college. She showed a keen interest in the health insurance side of the business and worked diligently to make that her focus.

Before starting her own small agency, she worked for Prudential in customer service and Northwestern Mutual Life in sales and service. As an advocate she uses her experience with insurance companies to help find and design plans that fit client’s needs, as well as using her skills to work diligently to get claims paid. Her goal is to help client’s understand their health insurance plan in this ever changing market.

**Specialties/Areas of Interest**

Navigating the health insurance market for clients looking for individual health insurance plans, small group plans, and Medicare plans is Molly’s expertise.

**Education, Training, and Affiliations**

Bachelor of Arts in Human Resources, Washington State University 1981 - 1985

Washington State Insurance License 1987 - Present

Northwestern Mutual Life 1991-1993

Advisory Committee Selection:

I am submitting this application for the Washington Healthplanfinder Advisory Committee position. Attached please find my resume which includes work, education and other relevant information.

I retired, at the age of 68, on December 31, 2018 after serving for approximately 40 years in various health care industry leadership roles, including a 1) health plan CEO and President, 2) numerous advisory boards, 3) Boards of Directors, 4) Administrator and 5) line supervisor. I have also served on a variety of volunteer community organization boards.

After Centene Corporation purchased our Oregon insurance company in 2015 I served for several years as an Officer of the Corporation while remaining as President and CEO of Trillium Community Health Plan. I served my last year before retirement as Executive Advisor for the corporation.

My education includes a BS in Mathematics with a minor in Physics. I hold a degree and certificate from the School of Medical Technology at the University of Alabama and an MBA from Gonzaga in Spokane.

I worked extensively in Oregon to help create the Coordinated Care Organizations and participated with the Oregon Insurance Division as well as the Oregon Health Plan. I have insurance level knowledge of both Medicaid and Medicare and believe that I can make meaningful contribution to the Advisory Committee. My home and permanent residence is in Spokane Washington.

Sincerely yours,

Terry W. Coplin
