About Washington Healthplanfinder

Washington Healthplanfinder is the state's health insurance marketplace where people, without insurance through an employer, spouse or other means, can explore different options and find a plan that works for them and their families.

Washington Healthplanfinder offers qualified health plans — nonstandard (non-Cascade) plans and standard plans, named Cascade Care plans. Cascade Care plans are available statewide at the Bronze, Silver and Gold levels and include Washington's first-in-the-nation public option plans.

It also directs and connects low-income people who are eligible to get free coverage through Washington Apple Health (Medicaid).
